23rd Annual Southern Plains Conference

"Beyond the Windshield: Dwelling in the Natural World"

Wednesday -Thursday, February 8-9, 2012

Bailey County Coliseum 2206 West American Blvd. Muleshoe, Texas

Beyond the windshields of our vehicles... outside the windows of our homes, schools, and workplaces where we spend much of our time... what is happening to the landscapes, plants, animals, and soils of the Southern Plains? Long-term survival in the 21st century and beyond demands that humans take account of and exercise care for the natural world--through actions that are more embodied, practical, knowledgeable... and more complex.

To foster improved knowledge and action, this year's Southern Plains Conference will be held over two days:

WEDNESDAY, FEB. 8TH: Afternoon at Muleshoe National Wildlife Refuge.
10 outdoor and indoor workshops. Playas, amphibians, prairie chickens, prairie restoration, springs, WPA structures, birding, prairie dogs, and more!
Evening Soiree: St. Philip Neri Church Hall in Pep, TX at 6pm: local foods, music, and presentations.

THURSDAY, FEB. 9TH: Conference at Bailey County Coliseum in Muleshoe, TX
Speakers and panel presenters, featuring Kevin Mulligan, Bonnie Lynn-Sherow, Dave Haukos, Nita Pahdopony, John Zak, Tish McDaniel, and more!

Brochure and registration for the 2-day event will be available online (www.ogallalacommons.org) on Jan. 10, 2012
